£3,500,001-£5,000,000	£1,390.00	£695.00	£347.50	£173.75
Over £5,000,000	£1,680.00	£840.00	£420.00	£210.00

Increases: Additional premiums should be calculated using the rates in force at time of increase.

IVAs: Premium only payable on appointment as supervisor.

Joint Appointments: The joint premium reflects the individual cost to each insolvency practitioner where there are two joint appointees. Where there are more than two, from the same firm/company, and they are all bonded by QBE, the single premium should be divided equally between each appointee.

Where the joint appointees are from different firms/companies, a 50% discount can be applied to the single rate for each insolvency practitioner (regardless of number of appointees) on the basis all firms arrange their bonds through Marsh.

Monitor Appointments: Charged at MVL rates
